“I experienced ritual abuse, or MKULTRA type abuse.

I saw the trafficking of children in cages myself. I saw murder.

I was given drugs and I experienced near-drowning. I saw others tortured and die. I saw rape, experienced sexual abuse. I was used in child porn. I saw birth, I saw abortion. I saw people cut open, I saw worse.

I was electroshocked and I was terrified of masks, and people in costumes. I was utterly traumatized to the point that I had hysterical fits that looked like seizures. I was to the point of being in altered states with names. I thought I had a different family.

My life has been severely affected by these events. Years of time have been taken away from me by regression and PTSD/DID.”

Anon submitted the following drawings made as a child, as well as excerpts from medical records of medical testimony and an EEG reading as a small token of proof:

We have just begun to develop this investigation based on publicly available information. Every link we found important has been archived, but there is so much more out there. We did our best to archive enough so that this investigation can continue without obfuscation. We are asking for help and more eyes on this topic to see if more proof can be found of any illicit activity by these groups. This may be a piece of the architecture behind pizzagate.

We have tried our best to document everything as neatly as possible, but we still need your help in coalescing the information. Below we will detail the architecture of the story. The ensuing pastebins are works in progress, but we felt it was time to get more help, so please excuse anything unfinished. This file here contains every link we have found so far in the following format (with exceptions):

Subject

{1. Description1: LINK1

archive1

2. Description2: LINK2

archive2}

Sources (warning: disorganized): <https://pastebin.com/ghVvmS1s> (<https://pastebin.com/ghVvmS1s>)

Not everything in this file is laid out below, but could still be relevant to future investigation.

Where each pastebin references, in line, citations with “(Subject.1)” referencing that relevant link. For your convenience, each pastebin will have a collection of links at the bottom copied straight out of the sources pastebin. All leads need MUCH more digging.

Our recommended reading order is as follows:

Harbin Hot Springs -> Ecstatic Living -> The Haven -> International Holistic Centers Gathering -> Findhorn Foundation -> GEN/GAIA -> Ark.

Thank you to you too, relieved to hear that all's good with you ... you do a very important job by 'going there' Bless you. Yes, 'it just gets a bit too much' doesn't even touch the sides sometimes. I feel as though I live in a parallel universe, it weighs very heavy and you can't un-ring a bell eh.

Coincidentally, re the Ben Swann vt on Pizzagate that you have put up on your site. I too found this and posted it on comments on the The Tap Blog and Dublinsmick a couple of days ago! It was good to see that obviously you too had picked it up, seen the value of it and are carrying it here ... my thoughts were to share it for the much needed public awareness value, to show the possibility that perhaps it's now gaining a bit of traction on the American msm media, re so many unanswered questions and the need for a thorough investigation, despite their desperate attempts to dismiss it as fake news.

Well done you and may you go from strength to strength ... and take care xx

United Nations – Mountbattens, Prince Philip, Esther Rantzen Family

The Meditation Room, Black Monolith

United Nations Headquarters

In the center of the room he placed a six-and-half-ton rectangular block of iron ore, polished on the top and illuminated from above by a single spotlight.

This block, which was a gift of the King of Sweden and a Swedish mining company was the only symbol in the Room. Mr. Hammarskjöld described it as "...a meeting of the light, of the sky, and the earth... it is the altar to the God of all....

King of Sweden was married to Louise Mountbatten

Louise Mountbatten – sister of Louis Mountbatten, 1st Earl Mountbatten of Burma, an aunt of Prince Philip, Duke of Edinburgh

Lucis Trust provides worldwide financial support for the Arcane School, World Goodwill, Triangles, Lucis Publishing, Lucis Productions, Lucis Trust Libraries, and the New Group of World Servers. Maintains the UN meditation room.

Lucis Trust is the Publishing House which prints and disseminates United Nations material. Lucis Trust was established in 1922 as Lucifer Trust by Alice Bailey as the publishing company to disseminate the books of Bailey and Madame Blavatsky and the Theosophical Society.

Due to public outrage over the creepy name of the publishing company, it was changed one year later to Lucis Trust.

.....

Esther Rantzen's father worked as director of telecommunications at the United Nations and her Aunt Ada Levenson was one of Alistair Crowley's sex-magick partners..

.....

In an Alice Bailey's book called "Education for a New Age;" she suggests that in the new age,

"World Citizenship should be the goal of the enlightened, with a world federation and a world brain."

In other words, a One World Government, aka, a New World Order.

At one time, the Lucis Trust office in New York was located at 666 United Nations Plaza and is a member of the Economic and Social Council of the United Nations under a slick program called "World Goodwill."

Lucis Trust is sponsored by among others Robert McNamara, former Minister of Defense in the U.S.A., president of the World Bank, member of the Rockefeller Foundation, and Thomas Watson (IBM, former ambassador in Moscow).

Lucis Trust sponsors among others the following organizations:

UN

Greenpeace Int.

Greenpeace USA

Amnesty Int.

UNICEF

The United Nations has long been one of the foremost world harbingers for the “New Spirituality” and the gathering “New World Order” based on ancient occult and freemasonic principles. Seven years after the birth of the UN, a book was published by the theosophist and founder of the Lucis Trust, Alice Bailey, claiming that:

“Evidence of the growth of the human intellect along the needed receptive lines [for the preparation of the New Age] can be seen in the “planning” of various nations and in the efforts of the United Nations to formulate a world plan... From the very start of this unfoldment, three occult factors have governed the development of all these plans.”

[Alice B. Bailey, Discipleship in the New Age (Lucis Press, 1955), Vol. II, p.35.]

To this end, the Lucis Trust, under the leadership of Foster and Alice Bailey, started a group called “World Goodwill” (an official non-governmental organization within the United Nations).

<http://www.lucistrust.org> (Here’s their Satanic website). On the main page of the Lucis Trust website, they state:

“The worldwide activities of the Lucis Trust, founded by Alice Bailey and Foster Bailey, are dedicated to establishing right human relations.

The activities of the Lucis Trust promote the education of the human mind towards recognition and practice of the spiritual principles and values upon which a stable and interdependent world society may be based. The Lucis Trust is non-political and non-sectarian. It sponsors no special creed or dogma.”

Paedophile Arthur Clarke – his book, 3001: The Final Odyssey –

It’s said that TMA-1, the black monolith that had been found on the Moon in 1999, was brought to Earth in 2006 and then installed in front of the United Nations Building in New York City.

(Icke got his ideas from??...)

3001: The Final Odyssey (1997) is a science fiction novel by Sir Arthur C. Clarke. It is the fourth and final book in Clarke’s Space Odyssey series.

This novel begins with a brief prologue describing the aliens who created the black monoliths. They apparently evolved from “primordial soup”, and over the course of millions of years, turned into a space-faring species. As they explored the Universe, they saw that few intelligent species ever successfully evolved. Therefore, they traveled the universe and catalyzed the evolution of intelligent species wherever they went, including Earth, by increasing the evolving species’ odds

of survival. Upon reaching Earth, they performed experiments on many species to encourage the development of intelligence. Then they left, leaving their black monoliths behind. After visiting the Earth, the extraterrestrials continued to evolve, eventually to the point where they found a way to impress themselves into the fabric of space and time, thus becoming noncorporeal beings. Meanwhile, back in the Solar system, the alien monoliths continued to watch over humanity. However, sometimes the monoliths were prone to degenerating and acting independently of their original programming.

3001 follows the adventures of Frank Poole, the astronaut who was killed by the HAL-9000 computer in 2001: A Space Odyssey

Poole is next taken home to explore and learn about the Earth in the year 3001, a millennium after he left it. Some of its notable features include the BrainCap, a brain-computer interface technology that connects a computer directly to the human brain,...

During the 26th century, the remains of an alien monolith had been found in the Olduvai Gorge in East Africa (the one that had kickstarted human evolution). It's said that TMA-1, the black monolith that had been found on the Moon in 1999, was brought to Earth in 2006 and then installed in front of the United Nations Building in New York City.

WHERE IS THE OUTRAGE?

HARBIN Survivor Speaks Out {part 1}

16/12/2016 17/12/2016 □

Harbin Hot Springs -> Ecstatic Living -> The Haven -> International Holistic Centers Gathering -> Findhorn Foundation -> GEN/GAIA -> Ark.

****HARBIN HOT SPRINGS****

Harbin Hot Springs is “a non-profit hot spring retreat and workshop center at Harbin Springs in Lake County, Northern California. It is located about two hours northeast of the San Francisco Bay Area, in the United States... As of 2012, the clothing-optional retreat center was known as an outdoor spa with a New Age ambiance, where Watsu was developed” (Harbin.1).

Harbin Hot Springs was owned by Donald Hamrick (AKA Zeera Charone) in the 1960s (Harbin.2).

Donald Hamrick had a large event called “The Celestial Synapse” in 1969 (or 1968 – the date is disputed) where the Grateful Dead played for hours and a large crowd of naked hippies took acid that was provided for the event free of charge (Harbin.2,9). On both sites (Harbin.2,9) and an official Harbin Youtube video (Harbin.10), there are comments that imply Donald Hamrick was a CIA operative:

In response to an excerpt of praise by Hamrick’s wife, Jennifer:

“Curious. Where is the info that “hubby” had worked with the CIA and mind control, that HARBINGER COMMUNE was an experiment conceived by the CIA under “OPERATION CHAOS” using a prolific amount of drugs provided by them to the commune and HAMRICK was at the center of their OPERATION? Hubby abandoned his 4 children to be raised by his ex with NO support ever from him (HAMRICK) in a seedy section of OAKLAND where both his very young daughters were vulnerable to various sickos, one of which worked at a military institution and repeatedly beat up the youngest daughter and used her as his sex object from age 11. This was, of course, while “hubby” the “loving and loveable hip hippy” was screwing every young girl he could “charismatically” get in bed. What a sanitized version Jennifer presents. HAMRICK was often heard to tout the 3rd REICH and HITLER as a great leader and whose political program (read: world conquest and death program) only needed greater world-wide support. What do you wanna bet that Lennon, the DEAD, Guthrie, Ritchie Havens, Bowie and all the rest knew NOTHING of any of this?” (Harbin.9)

In response to the Califias Blogspot:

Comment by beersheva on November 8, 2015 at 6:33 PM:

"I know of personally, that Donald Hamrick was a CIA operative, his "handler" was LOU MOBLEY, ex IBM Vice-President, and that Hamtick frequently saw Marion Pettie (of the FINDERS) at the Harbinger Commune. Hamrick was NOT independently wealthy but was provided all the money he needed, along with any and all drugs used at the commune, as part of the ongoing CIA operation known as CHAOS.

Hamrick took me to a remote area one day, in an area I believe was close to San Luis Obispo, where a silo existed. He took me to the entrance, where another CIA agent and Don injected me with drugs which allowed them to control me, I was taken underground where I observed many young human children and animals, in cages, where they were being experimented on, primarily MIND CONTROL experiments. My memory was concealed from me by some type of Mind-Control technique that kept me from knowing what had occurred for most of my life until recently. Anyone who has information regarding Hamricks' secret CIA connections, MIND-CONTROL projects, and his vast sexual diversions while parading himself as some great guru, please leave any info here. Also, John Wester knows about all of this, as Wester was Hamricks' right hand man at that time, who went with Hamrick in his plane trips to meet secretly with CIA handlers. But, John will not talk, and took his very curious "poem" about Harbinger down from it's website years ago. I have a copy of that poem that spells out what HAMRICK, the secret pervert, was really up to" (Harbin.2)

In response to Harbin YouTube video:

"My name is Eleazar Solomon at mizrach612 at HOT, if anyone wants to contact me. I knew Donald James Hamrick (AKA Zeera Charnoe) personally. His private psychotherapist was Dr Joseph G(r)oss in NYC. Hamrick was an agent of the CIA, and was part of an orchestrated CIA experiment with middle class youth involving a commune (HARBINGER HOT SPRINGS) with free sex and drugs supplied by the CIA. The operation was called CHAOS and also PROJECT ONE. Rooms had two-way mirrors installed, and all phones were tapped to provide direct input into the CIA controlled OP.

Virtually no one knew, or was even aware of the Project, except possibly John Wester, who was HAMRICKS' closest aide for a number of years, and who knew HAMRICKS' CIA contacts were and the nature of the MK-ULTRA experiment. The Vice President of IBM, LOU MOBLEY was Hamricks' CIA handler, and MARION PETTIE, the head of a CIA front org, known as THE FINDERS, was a frequent visitor to the HARBINGER COMPOUND. The whole experiment involved a secret GOVERNMENT GROUP called the 5412 GROUP. Hamrick was deeply involved in this experiment, and clearly knew of the CIA providing drugs, providing money for many things, including the drugs" (Harbin.10).

Hamrick sold Harbin to Robert Hartley (AKA Ishvara) and two others in 1972 to be a Gestalt Center. It is unclear what happened to the other 2 buyers, but Hartley and ~15-30 others lived in Harbin from 1972 to 1975. Visitors still came to Harbin. In 1975, according to their 40th anniversary document, a group of residents, including Hartley, "met together to try and decide what they wanted to be and were surprised at the extent they had agreement. That agreement became the principles of Heart Consciousness Church," a creation of Hartley's as well. "Heart Consciousness Church was formed in February of 1975, and the ownership of Harbin Hot Springs was transferred to it" (Harbin.7,14). Since being bought by HCC, Harbin Hot Springs has been a not-for-profit entity. Harbin/HCC operates as an intentional community where approximately 150 residents live and operate the Retreat Center for outside visitors. Harbin/HCC maintains a more specifically religious organization, the New Age Church of Being, incorporated in 1996 (Harbin.1).

In the summer of 2015, three wildfires destroyed 170,623 acres and 20,78 structures of California – including Harbin Hot Springs. Harbin’s “dozens of buildings burned to the ground” and have been working to rebuild it since. They expect the rebuild can be done by 2018 (Harbin.7). According to Harbin’s own website in the “Upcoming Workshops” section, Harbin notes that due to their current closure, no workshops are currently scheduled. They then go on to say “Many of the organizations that conducted workshops at Harbin before the fire are continuing to offer their classes at new locations. Please check their websites for current schedules.” It then has links to two organizations: Human Awareness Institute and Ecstatic Living (Harbin.11).

Human Awareness Insitute:

Stan Dale created The Human Awareness Institute in 1968. Since then more than 75,000 people have attended the Institute’s workshops and seminars in various parts of the United States, Russia, Europe, Australia and Japan (Harbin.5). The HAI has it’s primary “Love workshops” held at Harbin Hot Springs (Harbin.1 , HAI.1).

I know of personally, that Donald Hamrick was a CIA operative, his “handler” was LOU MOBLEY, ex IBM Vice-President, and that Hamtick frequently saw Marion Pettie (of the FINDERS) at the Harbinger Commune. Hamrick was NOT independently wealthy but was provided all the money he needed, along with any and all drugs used at the commune, as part of the ongoing CIA operation known as CHAOS.

Hamrick took me to a remote area one day, in an area I believe was close to San Luis Obispo, where a silo existed. He took me to the entrance, where another CIA agent and Don injected me with drugs which allowed them to control me, I was taken underground where I observed many young human children

and animals, in cages, where they were being experimented on, primarily MIND CONTROL experiments. My memory was concealed from me by some type of Mind-Control technique that kept me from knowing what had occurred for most of my life until recently. Anyone who has information regarding Hamricks' secret CIA connections, MIND-CONTROL projects, and his vast sexual diversions while parading himself as some great guru, please leave any info here. Also, John Wester knows about all of this, as Wester was Hamricks' right hand man at that time, who went with Hamrick in his plane trips to meet secretly with CIA handlers. But, John will not talk, and took his very curious "poem" about Harbinger down from it's website years ago. I have a copy of that poem that spells out what HAMRICK, the secret pervert, was really up to.

As an Eastern Tantric practitioner I will give you one guess why a male Western “Tantra” instructor got murdered. Here is a clue Western “Tantra” is about sex and sexuality while Eastern Tantra is about “spiritual growth” meditational Tools.

Judy Bowles Yes, I meet him. And yes, I know some things from behind the scenes. But how would you now that? Unless you personally know the situation maybe you should hold judgement

After saying that, yes I get little heated over the Western version vs to the true Eastern version. This comes from Western Tantra having no respect for the true Tantric believes of the creation (which is why Western Tantra don’t get respect from the Eastern style Tantra) and lack of putting into practice the true hard work of Tantra as the Tools (If you know Eastern Tantra or even paths that use their modified version of these tools then you would understand this). It is one of the reasons that I don’t get involve into the “Eastern” practices within Marin Co. anymore.

Our recommended reading order is as follows:

Harbin Hot Springs -> Ecstatic Living -> The Haven -> International Holistic Centers Gathering -> Findhorn Foundation -> GEN/GAIA -> Ark.

Ecstatic Living (Needs expansion on all 6 locations mentioned):

****ECSTATIC LIVING****

According to their own website, Ecstatic Living offers “Love & Ecstasy Training” that “will change forever your experience of sexual loving, and give you the opportunity to explore how your sexual energy can heal your body, open your heart and expand your spirit to states of unity and bliss” (EL.1). According to his own blog posts, Logan Rose, the Director of Ecstatic Living, is an advocate for early childhood sexual education, such as the system in place in the Netherlands, arguing “they grow up associating their sexuality to love and play” (EL.3). He attributes “much of [his] own sexual development and fun during [his] teens and early adulthood to [his] mother’s liberated views on sex” (EL.4). Ecstatic Living offers Tropical Retreats to places like Costa Rica (EL.6). The blog post from (EL.3) about childhood sexual education is replicated on another website domain “constantcontact.com” where, underneath his own blog post, he writes an extra disclaimer not seen on his blog:

“p.s.

On a different note, we’re looking for men, women and couples who have participated in our past workshops and would now like to assist at some of our upcoming workshops. If you’re interested in assisting (in any workshop that you’ve previously taken), call our office at 707-987-3456 or email us. For our calendar, click here.” (EL.5)

Where are these workshops held? At the bottom of their own website (EL.7) is a graphic that says:

“Since 1999, places we’ve taught at include...” and proceeds to provide links to:

Mount Madonna Center – <http://www.mountmadonna.org> (<http://www.mountmadonna.org>) LINK

Omega – <http://www.eomega.org> (<http://www.eomega.org>) LINK

the haven – <http://www.haven.ca> (<http://www.haven.ca>) LINK

The “constantcontact” domain lists multiple events at Harbin Hot Springs, seemingly in 2015 (EL.5).

We currently have some documentation on all but 2 of these. Omega has ties to Clinton, Esalen has ties to military/Findhorn, and little is known about Mount Madonna/Breighthenbush.

Our recommended reading order is as follows:

Harbin Hot Springs -> Ecstatic Living -> The Haven -> International Holistic Centers Gathering -> Findhorn Foundation -> GEN/GAIA -> Ark.

******The Haven******

Another location where Ecstatic Living teaches is called The Haven. According to their website, “The Haven is a centre for transformative learning, located on beautiful Gabriola Island... Founded in 1983, by psychiatrist Bennet Wong, and Jock McKeen, a western physician trained in Chinese medicine, The Haven continues to educate participants from all over the world through transformative programs based upon the central ideas, themes and models originally developed by Ben and Jock, embodied and taught by our renowned faculty...

In 2004, ownership of The Haven was transferred to a charitable organization, Haven Foundation. The Foundation’s principle focus is the raising and allocation of funds in order to enhance the quality of our programs and facilities and to provide financial assistance to participants who might otherwise be unable to attend. Our educational programs and daily operation of The Haven is the responsibility of our management team, led by Rachel Davey, Executive Director” (Haven.1,2). Haven’s programs “address life issues including anxiety, anger, depression, sexuality, and addictions” (Haven.3).

Their website offers programs that promise to help individuals fulfill themselves. Of their many programs, one “extremely popular program” offers, for \$875.00, to help children “learn about themselves and each other while working together on a creative musical production” or, more precisely, “Denise Goldbeck, with a team of youth interns, leads a multi-age group of children through a creative process that culminates in a special show. Participants of the program leave with: a better sense of self by seeing where they fit into the developmental spectrum; a mind well exercised after having explored their creativity and learning to cooperate; and strong connections to other participants and leaders of the program” (Haven.4). Kids in the Spotlight (formerly called Dances and Games) began due to “a love of children”; Children stay at The Haven with a parent or guardian who has scheduled time outside of programs to be with their children.

Personal anecdote after watching <https://www.youtube.com/watch?v=E4rkCNIKK3s> (<https://www.youtube.com/watch?v=E4rkCNIKK3s>):

In a video posted to Youtube which, at the time of this writing currently has 108 views as well as the comments disabled, titled “KITS 25th Anniversary”, we see a montage of program pictures throughout the years interspersed with interviews of former KITS attendees. You don’t really get much more info about the program, aside from the play, as all of the dialogue is poorly edited to catch only pieces of the interviewees’ responses. Two girls, beginning at [1:42] in the video, are seen trying to hold back snickers as they describe their experiences at the camp. One of the girl attended 4 or 5 programs in total, and describes how she got to “make a wagon” as her friend cracks a smile and mutters “with a bridge on top” as both girls laugh and the first calls it “the highlight of her young life” while smiling. The second girl is talking again at [3:17] describing the lessons she learned from the program. She says looking back she learned a lot but doesn’t remember there being specific lessons. She says, “When I was a participant it wasn’t like ‘Oh I’m learning my boundaries right now’” as both girls break out in laughter. She continues “it wasn’t like that... like I don’t remember ‘learning’ anything but, um, boundaries definitely stuck most” as both girls giggle again. Immediately following is a group of children, seemingly not amused, dancing in unison. The video continues with more experiences and testimony followed by, at [5:37], another woman who says “One of the really neat things about it was a, uh, activity that I did with, uh, my brothers” and the video quickly cuts to the same woman speaking later saying “and it’s just fun to have those memories and to see them, with their little rolls” with another cut to “so that’s really special to have that kind of activity that we did as a family. It’s rare – that’s rare” and her smile immediately retreats as she looks up past the camera. Later on, a montage of children smiling and making goofy faces includes an image of a child wearing a hat with a swastika on it (Haven.8 – <http://sli.mg/09yR9w> (<http://sli.mg/09yR9w>))

So what exactly is Kitezh? “Since 1993 Kitezh has functioned as a non-government, non-profit home and school for orphaned Russian children in a community of foster families who live together on a large piece of land in a rural area 300km south of Moscow in Kaluga region near Baryatino... There are 20 permanent resident adults, who care for 30 children as foster parents and teachers. Their goal is to provide for 50 families with 200 children with the long-term intention to create 50 Kitezh villages elsewhere in Russia” (Haven.12). Liza Hollingshead, founder of Ecologia Youth Trust, first met Morosov in 1992, just a year after he founded Kitezh. In 2012 on centersgathering.org, Hollingshead writes “Over the past 20 years, through the vehicle of Ecologia Youth Trust, I became more and more involved in supporting this extraordinary experiment. In 1996 we took a group of our Youth Project teenagers to Kitezh where they camped in a field and learned to eat buckwheat and dill! The following year Dmitry brought a small group of children, all orphans, to Findhorn and they visited other parts of Scotland as well” (CG.3).

Since 1993 Kitezh has functioned as a non-government, non-profit home and school for orphaned Russian children in a community of foster families who live together on a large piece of land in a rural area 300km south of Moscow in Kaluga region near Baryatino.

KITEZH is a revolutionary eco-village community, providing a unique form of family-based care for homeless and orphaned children in Russia. Here they find a positive experience of family life which enables them to recover from the trauma of earlier years to become open, loving, valuable and contributing members of society. With the right kind of support, Kitezh is becoming a real and inspiring alternative model to the present state-run child-care institutions.

This book deals with how a child's consciousness is formed and how we, as parents, can love our children in the right way: by preparing them for life in the real world."

also you should probably change the title, before I read it I assumed it was someone who had actually been there. You are not a Haven survivor, nor do you seem to know anything about the place. I know quite a bit, obviously... Ignorant criticism is sometimes more harmful than helpful—it suggests that no real criticism exists. Why are you outraged? How do you even know about the place?

International Holistic Centers Gathering (Every location from the directory needs to be expanded on)

******FINDHORN FOUNDATION******

Findhorn Foundation, founded in 1962 by Peter and Eileen Caddy and Dorothy Maclean, “is a spiritual community, ecovillage and an international centre for holistic learning, helping to unfold a new human consciousness and create a positive and sustainable future” (Findhorn.1,9).

******DOROTHY MACLEAN OSS CONNECTIONS******

Findhorn’s latest large production is a movie titled “A New Story for Humanity” where they detail an vision of interconnected global community focused on “interbeing-ness... and understanding that we are all one.”

In this video, we have:

<https://vid.me/0vOE> (<https://vid.me/0vOE>): “We are the secret world government” [1:10:30 in original video]

Nancy Roof, founder of Kosmos Associates Inc/Kosmos Journal says “This is going to happen in all our groups, because for real change, not just the small changes, but major changes, systemic changes, which are what we need now, are going to go through, like all transformations go through, there’s going to be chaos, opposition, anger, you know, but we get through, and on the other side is this tremendous joy, of creativity, experimentaiton. It is such an exciting period to be born into”.

Ousmane Pame, the president of GEN (Africa), is seen describing how Findhorn’s “ceremonies” helps people who may be struggling “recover because they feel loved and taken care of by the community” (Findhorn.10,11). “subtle beings”

Nancy Roof again:

“We need to pay attention to our “inner lives” and that we have so much guidance from an ‘in’ that most people do not know about and it’s so important.”

David Spangler:

“As a person who has been communicating with the subtle worlds for nearly 70 years, I naturally see this collaboration with non-physical beings as an integral part of any planetary story. Demonstrating the reality of this was one of Findhorn’s original purposes.”

Dorothy Maclean:

“Maclean is known for her work with devas, the intelligences overseeing the natural world. A deva in the New Age movement refers to any of the spiritual forces or beings behind nature... In the Findhorn material, the term refers to archetypal spiritual intelligences behind species, in other words the group soul of a species. Her book *To Hear the Angels Sing* gives an overview of this work and also provides autobiographical materials. A full-length biography, *Memoirs of an Ordinary Mystic* was published in 2010.

Dorothy Maclean left Findhorn in 1973 and subsequently founded an educational organization in North America with David Spangler” (Findhorn.13,14).

Spangler and Maclean “founded the Lorian Association as a non-profit vehicle for the spiritual and educational work they wished to do together” (Findhorn.15). The Lorian Foundation’s mission “is to advance the experience of wholeness in the world and in ourselves through an incarnated spirituality” (Findhorn.16).

They run courses at Findhorn Foundation allegedly founded by people who were at the founding meeting of the OSS in New York city, which later became the CIA.

One of the founders of the Findhorn Foundation, is, Dorothy Maclean

And I quote :

(b. 1920 in Guelph, Ontario, Canada) is a writer and educator on spiritual subjects who was one of the original three adults at what is now the Findhorn Foundation in northeast Scotland.

She obtained a 3-year Bachelor of Arts degree from the University of Western Ontario. From 1941 onwards she worked for the British Security Coordination in New York. After being posted to Panama, she met and married John Wood, though the couple would divorce in 1951.

When the Caddy's were appointed to manage a hotel in Scotland, Maclean joined them as the hotel's secretary.

According to Urantia OSS Timeline :

1940s — Sheena Govan and Dorothy Maclean, who will in the following decades help Eileen Caddy start Findhorn (see, 1962), a New Age community in Scotland, are actually working for British Intelligence while Ostensibly employed as secretaries at the British Embassy in New York.

The two are present there when the OSS (Office of Strategic services, the forerunner of the CIA) was formed in New York with the help of British Intelligence (see, 1942). — During the 1940s OSS will begin “the first systematic effort to evaluate an individual’s Personality in order to predict his future behavior”. (John Marks’ The Search for the Manchurian candidate: hereinafter, “SEARCH”, online [HERE](#) a must read for those who know little of the MKULTRA programmes) [HERE](#) and [HERE](#) . [HERE](#).

1942 — British Intelligence, in New York, helps America set up its own intelligence agency, the Office of Strategic Services (OSS).

c. 1942-1944 — Future URANTIA Book translator, Jacques Weiss, fights with the French Resistance. Thus, he is presumably in contact with the OSS, which during these years was helping the “Free French” Sooner or later Weiss would reportedly claim he followed invisible purported celestials whom he called the “hierarchy” (also see, 1980 and 1962).

1947 — The CIA is created out of the OSS. It begins some preliminary work with drugs, starts a mind-control drug project at Bethesda Naval Hospital in Maryland, and investigates

hypnosis.

So we can see intelligence agency affiliation here.

They run courses at Findhorn Foundation allegedly founded by people who were at the founding meeting of the OSS in New York city, which later became the CIA.

One of the founders of the Findhorn Foundation, is, Dorothy Maclean

And I quote :

(b. 1920 in Guelph, Ontario, Canada) is a writer and educator on spiritual subjects who was one of the original three adults at what is now the Findhorn Foundation in northeast Scotland.

She obtained a 3-year Bachelor of Arts degree from the University of Western Ontario. From 1941 onwards she worked for the British Security Coordination in New York. After being posted to Panama, she met and married John Wood, though the couple would divorce in 1951.

When the Caddy's were appointed to manage a hotel in Scotland, Maclean joined them as the hotel's secretary.

According to Urantia OSS Timeline :

1940s — Sheena Govan and Dorothy Maclean, who will in the following decades help Eileen Caddy start Findhorn (see, 1962), a New Age community in Scotland, are actually working for British Intelligence while Ostensibly employed as secretaries at the British Embassy in New York.

The two are present there when the OSS (Office of Strategic services (https://en.wikipedia.org/wiki/Office_of_Strategic_Services), the forerunner of the CIA) was formed in New York with the help of British Intelligence (see, 1942). — During the 1940s OSS will begin “the first systematic effort to evaluate an individual's Personality in order to predict his future behavior”. (John Marks' The Search for the Manchurian candidate: hereinafter, “SEARCH”, online [HERE](#) a must read for those who know little of the MKULTRA programmes) [HERE](#) and [HERE](#) . [HERE](#).

1942 — British Intelligence, in New York, helps America set up its own intelligence agency, the Office of Strategic Services (OSS).

c. 1942-1944 — Future URANTIA Book translator, Jacques Weiss, fights with the French Resistance. Thus, he is presumably in contact with the OSS, which during these years was helping the “Free French”
 Sooner or later Weiss would reportedly claim he followed invisible purported celestials whom he called the “hierarchy” (also see, 1980 and 1962).

1947 — The CIA is created out of the OSS. It begins some preliminary work with drugs, starts a mind-control drug project at BethesdaNavalHospital in Maryland, and investigates hypnosis.

So we can see intelligence agency affiliation here.

From 1941 onwards she worked for the British Security Coordination in New York City. After being posted to Panama, she met and married John Wood, though the couple would divorce in 1951.

Dorothy Maclean left Findhorn in 1973 and subsequently founded an educational organization in North America with David Spangler.

I'm so sorry... You are not alone. You aren't the 1st person that's said that 2 me.
I'm still researching Findhorn & I'm TRYING to get to the bottom of what is/has gone on there..
I don't know anything for fact.
But there's something not right.

Only my opinion, but I think that it is more than likely that the teaching has got a psychological angle to it. Which, for want of better words, its kinda “mind bending” stuff

<https://spidercatweb.blog/2017/01/19/ff-tavi/>

I don't know if you have seen my other blogs on Findhorn but the one above explains quite a lot of the links to some VERY DODGY people & organisations.

At the moment I am looking into the radiation. Which MAY have possibly had an affect on people.

But as I said, I really don't know what the score is.

I'm just trying to gather as much info as possible, so we can then maybe work out the bigger picture.

I will be publishing the next installment within the next 7-10 days tops.

Thank you so much for your comment. Cat xx

WHERE IS THE OUTRAGE?

GEN/GAIA Survivor Speaks Out {part 6}

16/12/2016 17/12/2016 □

Our recommended reading order is as follows:

Harbin Hot Springs -> Ecstatic Living -> The Haven -> International Holistic Centers Gathering -> Findhorn Foundation -> GEN/GAIA -> Ark.

****GEN/GAIA****

Looking back at Kitezh and it's history we cited earlier. In (Haven.12) the Kitezh history given lists Kitezh's website url <http://communities.gaia.org/kitezh/> (<http://communities.gaia.org/kitezh/>) as a source. That url is currently dead, but looking at the Wayback Machine for this url, it has activity leading all the way up to 2008 when it was deleted (Haven.13). According to the page that you get redirected to, communities.gaia.org, GAIA's mission "is to promote a new, global consciousness which sees our entire planet as a living organism with Humankind as an integral part of the entity" (Haven.14). What you discover (via a link on GAIA's site) is that Kitezh is one of many communities that is part of the "Global Ecovillage Network" (GEN), as seen in Findhorn's video, which is "an internal network of ecovillages, administratively divided into three autonomous regions:

- 1) ENA: The Ecovillage Network of the Americas. ENA is further divided into 9 regions covering the Western Hemisphere from Canada to South America.
- 2) GEN-Europe, which is organized nationally with about 20 national networks active at this time.
- 3) GENOA, or GEN Oceania/Asia, which has national networks in Australia, New Zealand, Philippines and Sri Lanka and evolving networks in Japan, India and other countries of the region.

GEN's primary purpose is information exchange among the thousands of projects across the world that are building and living in small intentional and traditional communities in harmony with nature, as well as information dissemination to the larger world. GEN does this with seminars, newsletters, educational programs at many ecovillages, and an active website with easily accessible contact addresses of members, resource lists, and links to related activities. GEN has consulting status with the United Nations agency ECOSOC" (Haven.15).

On GEN's website, they list both the Gaia Trust and Gaia Education as two of their four main "partners" (Ecolise and Sircle Project being the other two). On Gaia Trust's page on GEN's website they give this description: "Gaia Trust, Denmark is a charitable entity supporting sustainability projects around the

world. It was founded in 1987 on the initiative of Ross and Hildur Jackson, with the intention of supporting the transition to a sustainable and more spiritual future society through grants and proactive initiatives.

Two NGOs especially have been supported for many years and continue to be supported, namely the Global Ecovillage Network and Gaia Education. Many other smaller projects in the areas of local sustainability initiatives, permaculture, etc. occasionally receive supporting grants” (Haven.17). Gaia Education, of which Ross Jackson is also on the board, has this description on their own website:

“Gaia Education is a leading-edge provider of sustainability education that promotes thriving communities within planetary boundaries... This initiative was launched at Findhorn in October 2005 by a group of Ecovillage educators calling themselves the GEESE (Global Ecovillage Educators for Sustainable Earth.) The key program is a UNITAR-endorsed 4 week holistic introduction to designing sustainable settlements” (Haven.16).

Since 1993 Kitezh has functioned as a non-government, non-profit home and school for orphaned Russian children in a community of foster families who live together on a large piece of land in a rural area 300km south of Moscow in Kaluga region near Baryatino.

KITEZH is a revolutionary eco-village community, providing a unique form of family-based care for homeless and orphaned children in Russia. Here they find a positive experience of family life which enables them to recover from the trauma of earlier years to become open, loving, valuable and contributing members of society. With the right kind of support, Kitezh is becoming a real and inspiring alternative model to the present state-run child-care institutions.

WHERE IS THE OUTRAGE?**Ark Survivor Speaks Out {part 7}****16/12/2016** □

Our recommended reading order is as follows:

Harbin Hot Springs -> Ecstatic Living -> The Haven -> International Holistic Centers Gathering -> Findhorn Foundation -> GEN/GAIA -> Ark.

Ark:******ARK, TEENS AND TODDLERS, LUCIS TRUST, AND MORE********Findhorn's Ties to UN Via Ark and Lucis Trust:**

Stacey Millichamp served on the Leadership Team at the Findhorn Foundation where she “collaborated on the design and delivery of coaching programmes for the personal and professional development of the 170 core staff members” (Findhorn.12). Currently, Stacey is one of the senior staff for Teens and Toddlers, “a programme originally conceived by Laura Huxley, widow of the writer Aldous Huxley, in the late 1970s in California, USA” with the hopes that “ ‘if [young people] were to live in a loving state of consciousness, the benefit would be universal.’ ... Whilst the original Teens and Toddlers programme was the brainchild of Laura Huxley, it was her friend and mentee, Lady Diana Whitmore, who brought the programme to the UK and has been the driving force behind the its growth ever since. Diana”, who is currently a member of the trustee board of the Findhorn Foundation, “founded the Psychosynthesis Trust over 25 years ago and has served as President ever since.” (TAT.1,2).

What is psychosynthesis? It was founded by a man named Roberto Assagioli. “Psychosynthesis departed from the empirical foundations of psychology in that it studied a person as a personality and a soul but Assagioli continued to insist that it was scientific. He developed therapeutic methods beyond those found in psychoanalysis. Although the unconscious is an important part of his theory, Assagioli was careful to maintain a balance with rational, conscious therapeutical work” (Ark.4,5). Roberto Assagioli was a “disciple” of Alice Bailey, the founder of the Lucis Trust. “The activities of the Lucis Trust promote the education of the human mind towards recognition and practice of the spiritual principles and values upon which a stable and interdependent world society may be based” (Lucis.1). “The Lucis Trust has Consultative Status with the Economic and Social Council of the United Nations (ECOSOC) and World Goodwill is recognized by the Department of Public Information at the United Nations as a Non-Governmental Organisation (NGO). As such the Trust and World Goodwill are part of a community of many hundreds of NGOs that play an active role in the United Nations, particularly in spreading information about the UN and fostering support for UN programs. Since their inception Lucis Trust and World Goodwill have given their support through meditation, educational materials and

seminars, by highlighting the importance of the UN's goals and activities as they represent the voice of the peoples and nations of the world" (Lucis.2). World Goodwill says this on their about us page: "Goodwill is one of the most basic spiritual qualities of the human being and the great untapped resource at the heart of every human community. This energy is potentially a powerful force for social change – yet its power remains largely unrecognized and underutilized. World Goodwill fosters understanding of this energy and the role it is playing in the development of a new humanity" (Lucis.3).

Ark, "an education charity that exists to make sure that all children, regardless of their background, have access to a great education and real choices in life" is the primary funder of both Teens and Toddlers and the Lucis Trust. Ark was co-founded by a group of hedge fund financiers including Paul Marshall and Ian Wace of Marshall Wace and *Arpad Busson* of EIM Group, who is founding chairman of its board of trustees (Ark.6). According to the WSJ, Arpad Busson, a major Clinton donor, and the EIM group have been investigated for laundering Terrorist Money, including Osama Bin Laden (Ark.7).

This 4chan post seemed to independently find a connection from Arpad Busson to Teens and Toddlers and Ark. Tavistock publishes info by Diana Whitmore, connecting Soros to Ark:
